HEALING THE WORLD: ONE STEP AT A TIME

Saturday, January 10, 2015

Here's a good idea for those who have a New Year's resolution to save the world. You CAN do it one step at a time. First step: Come to our "Healing the World" Retreat on Saturday, January 10th at Our Lady of Sorrows Church, 801 Main St., Vestal, NY from 9 am to 3 pm. The time is now for the prophetic vision and wisdom we hope to share that day in our time together.

Our facilitator will be the Rev. Dr. Bruce Epperly, who has a heart for the church and is a prolific writer and thinker. His passion is to join open spirited, bridge building, progressive, practical theological beliefs with life and health affirming holistic spiritual practices which can bring about personal and congregational healing and wholeness. You can check out his website at www.brucepperly.com.

Even though some may try, there's no denying it—the planet is in trouble. Global climate change threatens coastlines, species, and food and water supplies. Gridlock paralyzes the halls of Congress and polarization characterizes public discourse.

This workshop will join theology, spiritual practices, and practical applications for personal, community and global transformation. It will provide resources for the long haul to sustain our hopes in times of significant change. We will explore our role—and claim it—as responsible citizens who hope to leave to our children a better world than we have today.

The suggested offering is \$10 per person, which will cover lunch and resources to help you on your journey. If your church is a co-sponsor of this event, admission is free.

To register or for more information, call Amy Fleming at 607-754-3621 or email Amy at jpamy5@stny.rr.com. (please include full name and email address or phone number)

All registrations must be received by Monday, January 5, 2015

Hope to see you there.
